

save time & hassle

VOTED BEST SKI SHOP IN EUROPE

SNO
WBERRY

FREE OVERNIGHT STORAGE

Even if you're staying in the centre of town, you'll still face a longish uphill walk to the main lifts in the morning. Far easier to leave everything with us just across from the nursery slopes every evening, and pick it up in the morning. Free for people renting from Snowberry or group members with their own skis and the ONLY service of its kind in Val.

SNO
WBERRY

FREE COURTESY TRANSPORT

Way the easiest way to get to your ski hire shop, wherever you're staying. Give us a ring, we'll come and get you, then we'll take you and all the kit back to your door afterwards. Save yourself a whole load of time and hassle.

SNO
WBERRY

FREE GEAR PICKUPS

At the end of your stay, no need to join the masses lugging everything back to the shop and queuing out of the shop to return it. We'll come and get it, so you can make the most of your last few hours.

SNOWBERRY SKI RENTAL FOR SKIERS & BOARDERS >

SKI

Some shops are easy because they're close to your accommodation. Others are easy because they're close to the slopes.

Snowberry is the only shop in Val that combines both, making your whole holiday as easy as possible - not just on the day you arrive but every single day of the week.

On arrival day, we'll come right to your door and pick you up in one of our Landrovers, whisk you up to Snowberry to collect your kit then drive you back afterwards too. So wherever you're staying, Snowberry IS your closest hire shop.

No need to lug all the equipment to and from the slopes every morning and evening if you hire from Snowberry - just leave your skis and boots with us at night and your shoes during the day. The pistes are just across the road.

And at the end of the week, why bother queuing up to return everything? We'll come round and collect it from your accommodation.

Our free transport, overnight storage and equipment collection services will save you several hours of valuable holiday time, and save you a whole lot of hassle as well.

Snowberry - the best of all worlds.

SNOWBERRY our RENTAL SKIS >

TEST / PRO SPECIALIST SKIS

Big fats for endless powder, double rockers, niche brands.... You won't find this stuff anywhere else in Val.

ADVANCED / EXPERT SKIS

Proper top end skis for strong skiers, the kind of thing you'd normally have to buy. Piste, All Mountain, Off Piste and Freestyle options

INTERMEDIATE / ADVANCED SKIS

Every year our Advanced range is our most popular option and rightly so when you see what's in here. Piste, All Mountain and Freestyle models.

SPORTS INTERMEDIATE SKIS

A wide range of skis for the developing intermediate skier, whether you're still a bit cautious or raring to go we have your perfect ski.

BEGINNER SKIS

Proper beginner skis for beginner skiers, designed to make learning easy and fun and build your confidence.

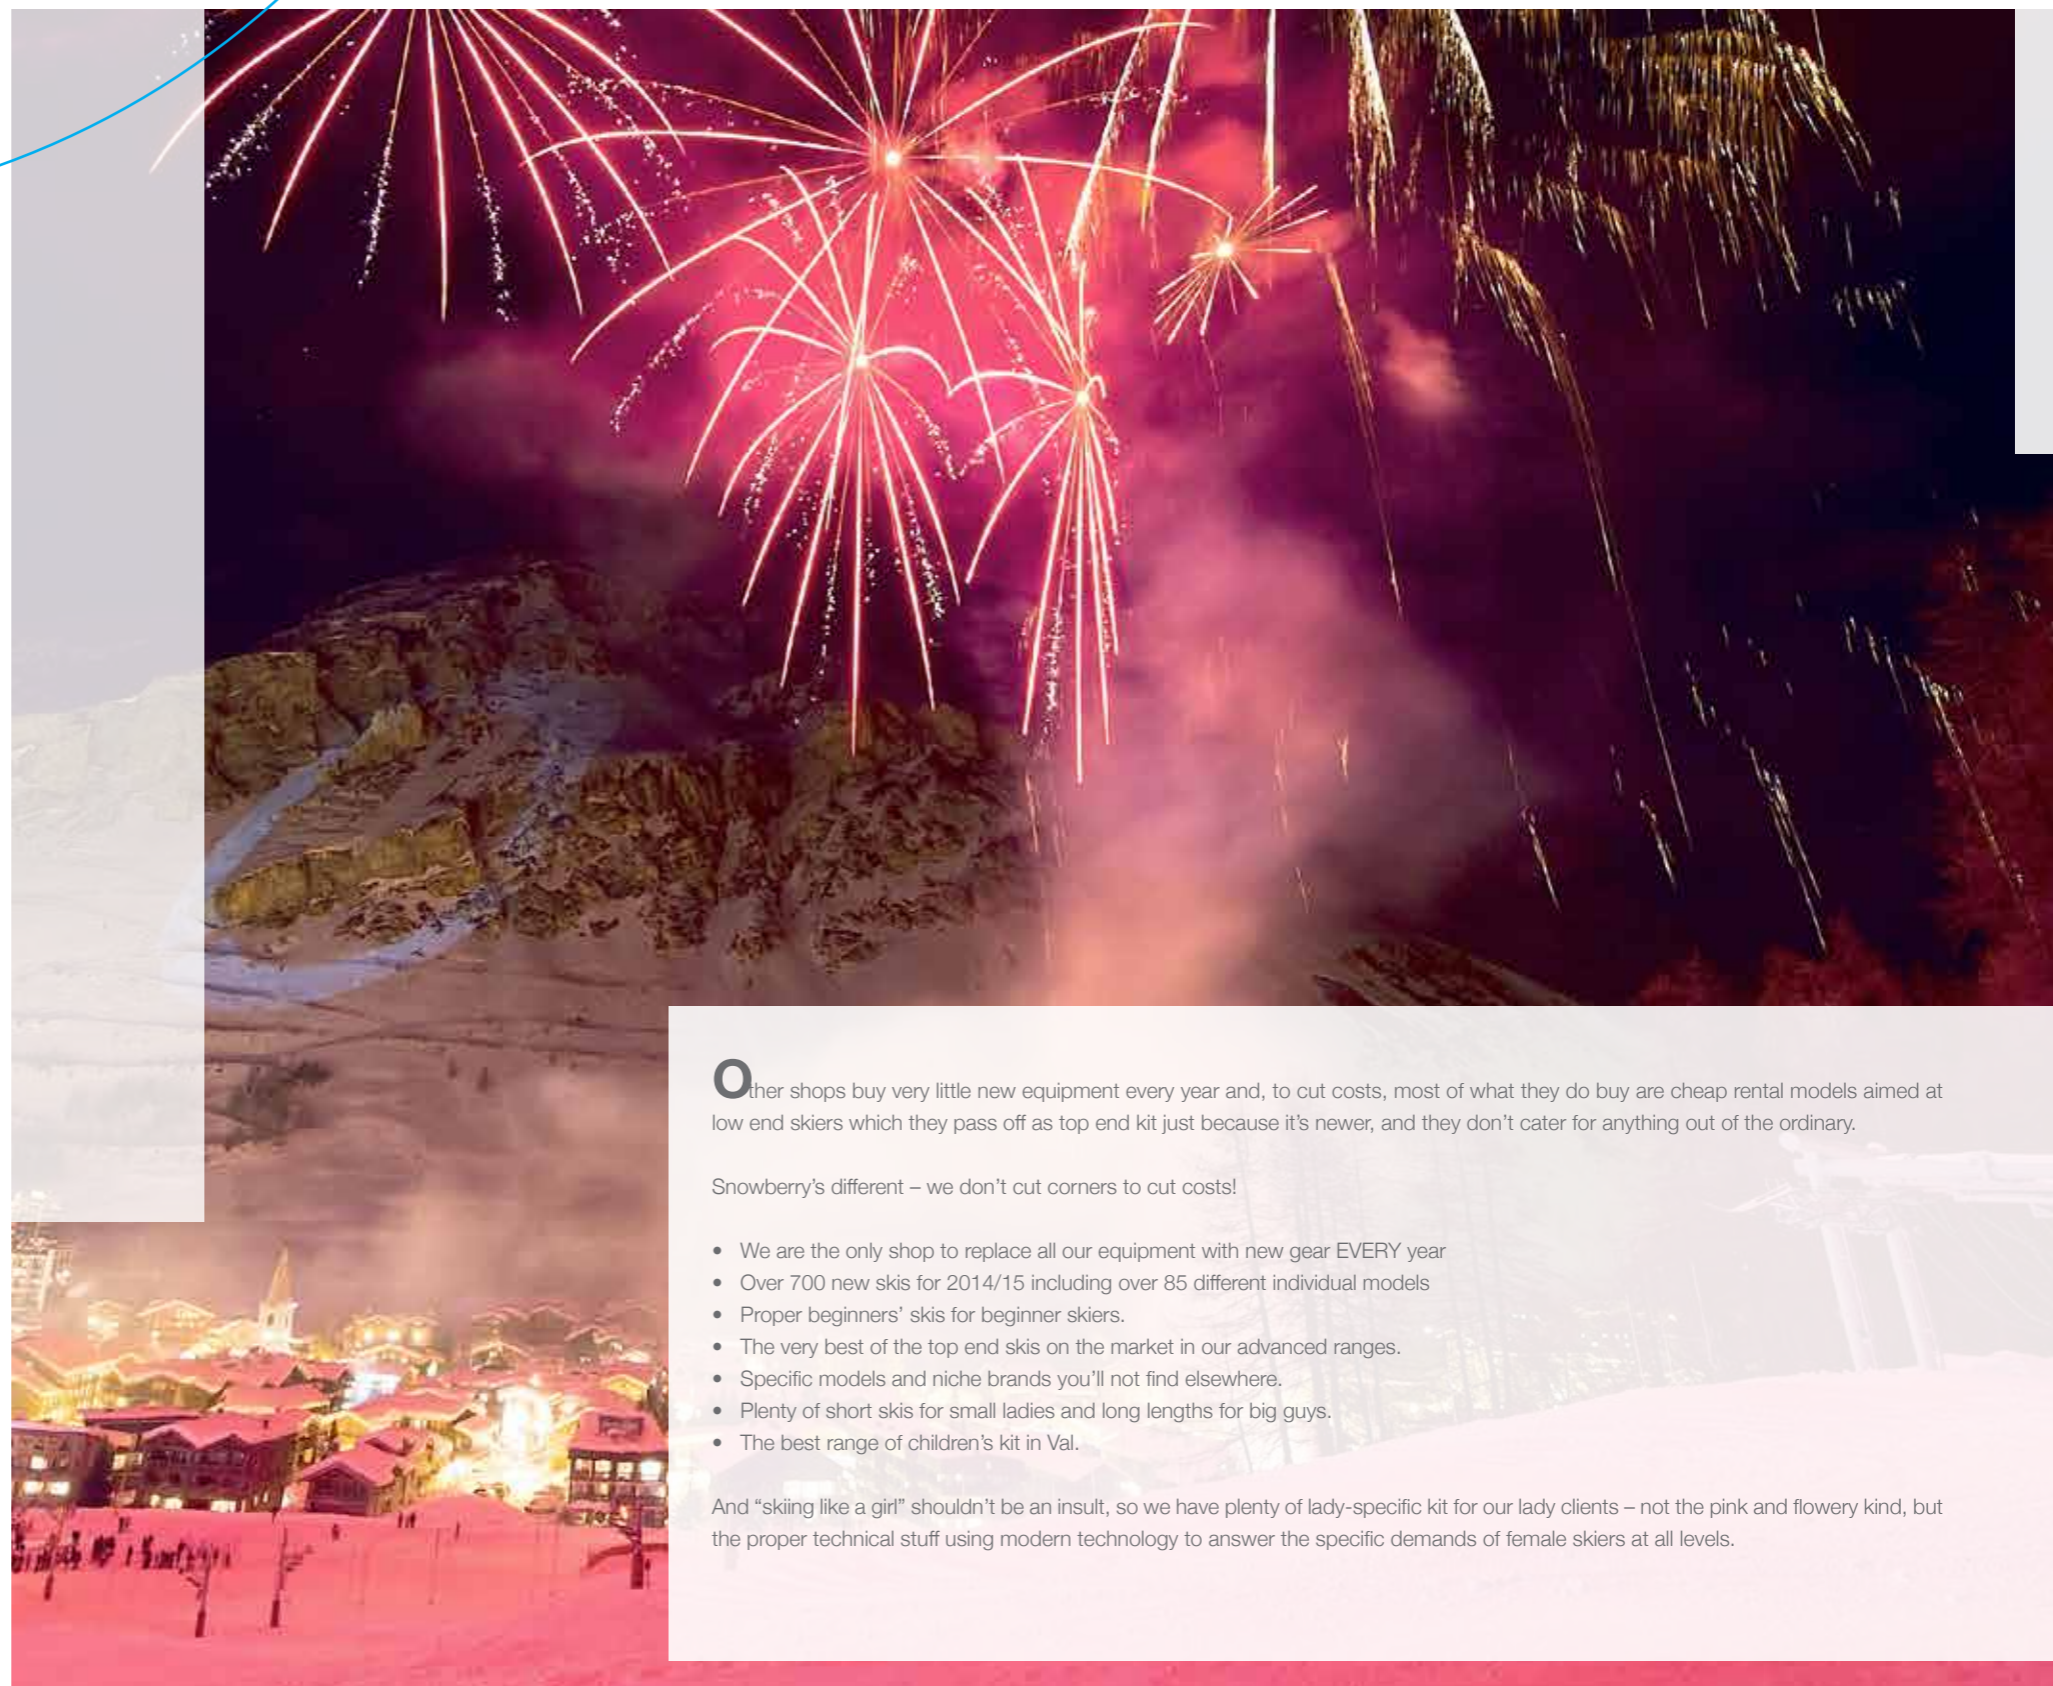

JUNIOR SKIS

More kids' skis and a wider range of options for junior skiers than any other shop in Val, by far. From skis for kids as young as 3 right up to the junior versions of some of the best backcountry freeride skis on the market.

SNOWBOARDS

Our snowboard range features some of the best boards out there for the 2014/15 season, whether you're just starting out or an experienced rider looking for a proper decent board.

Other shops buy very little new equipment every year and, to cut costs, most of what they do buy are cheap rental models aimed at low end skiers which they pass off as top end kit just because it's newer, and they don't cater for anything out of the ordinary.

Snowberry's different – we don't cut corners to cut costs!

- We are the only shop to replace all our equipment with new gear EVERY year
- Over 700 new skis for 2014/15 including over 85 different individual models
- Proper beginners' skis for beginner skiers.
- The very best of the top end skis on the market in our advanced ranges.
- Specific models and niche brands you'll not find elsewhere.
- Plenty of short skis for small ladies and long lengths for big guys.
- The best range of children's kit in Val.

And "skiing like a girl" shouldn't be an insult, so we have plenty of lady-specific kit for our lady clients – not the pink and flowery kind, but the proper technical stuff using modern technology to answer the specific demands of female skiers at all levels.

education in a perfect location®

SNOWBERRY LOCATION & PRICES

Our location and the conference centre.

Snowberry is way the most convenient option for the conference centre - leave your kit with us every night and after your lectures just stroll 300 metres or so round to us to pick it all up, go skiing, and leave your shoes with us - a much better idea than wasting valuable skiing time going back to your accomodation first!

Snowberry HAS to be the best located ski shop in Val d'Isère!

A 30 second walk and a 30 second slide takes you to the lift pass office and the main Solaise and Bellevarde lifts and at the end of the day or when you're returning your kit, ski to within a few metres of our door from the Solaise side or jump on the free bus from anywhere else and it'll drop you off just across the road.
